How to Reach La Mansarda

Via Capriglione 154 · Praiano, Amalfi Coast Italy

This guide walks you from the centre of Praiano to the door of La Mansarda. The route is short — about five minutes on foot — but it leaves the main road and climbs a staircase, so the photos below mark every turn. Follow them in order and you will not miss the entrance.

Before You Set Off

Reach the Hotel Tramonto d'Oro in the centre of Praiano. From there, walk along the street to Via Capriglione 154. If you are arriving on foot or by bus, ask for the Praiano Pharmacy — our building stands immediately beside it: https://maps.app.goo.gl/G5WmtionYbEbVGm46 .

Two things to keep in mind

- The route involves three flights of stairs and a short footbridge.
- Both entrance gates on the way up are unlocked — you do not need a key to open them. Simply lift the latch and close them behind you.

Step 1 — Find Via Capriglione 154

Reach the centre of Praiano by road and stop by the Hotel Tramonto d'Oro. Walk to nearby Via Capriglione 154: our building is the one on the left-hand side of the Praiano Pharmacy, directly opposite the hotel. On Google Maps we are here https://maps.app.goo.gl/G5WmtionYbEbVGm46 .

Step 2 — Look for the La Mansarda Sign

Once you are at Via Capriglione 154, you will see the La Mansarda sign on the building. On the right-hand side, stairways lead up — this is your route. Take the flight of stairs on the right of the building.

Step 3 — Through the half way Gate

Halfway up the first flight you will come to a small gate. It is unlocked — open it and pass through. Next to the gate you will spot a small tile marked “FIORENTINO” and a second La Mansarda sign, so you will know you are in the right place.

The top arrow indicated the gate, half way up the stairs.

Step 4 — Cross the Footbridge

Carry on up one more flight of stairs. At the top, you will see a small footbridge on the left-hand side of the staircase. Walk across it, climb the last couple of steps, and you have arrived at La Mansarda.

Continue up to the top of the staircase.

Welcome to La Mansarda

You are at the front door. The key is waiting for you in the right-hand corner beside the entrance door — look on the floor, where it will be under a sea stone or inside a small metal box.

Found the key?

- Take the key with you and close both entrance gates behind you. You do not lock them — by the way we do not hold a key for them.
- The key-safe on the wall is for emergencies only: a lost key, or access for cleaning and repairs. Please leave it untouched during your stay.

We check the hiding spot before every arrival so that the key is always left somewhere easy to find. If it is not where the photo shows, call us and we will fix straight away!

Have a nice vacation
